#### *Format*

Swiss system, 5-point matches, with doubling cube and clock.

- 'Swiss system' means that everybody will play the same number of matches, regardless of the result.
- The use of the clock ensures that the tournament will proceed at a reasonable pace, avoiding long waiting times between matches. Playing with the clock is easy. Prior to the tournament, there will be plenty of occasion to practice with the clock.

The first four players after the Swiss tournament will play a grand final and a small final to determine the top-3.
